Disinfectant Cleaner
Technical Data Sheet

Reorder No. 596159 / 6-19 oz.
EPA Reg. No. 706-65-45133
EPA Est. No. 33595-MO-3, 33595-MO-2, and 33595-MO-4

Features
- Triple duty application
- Clinging foam
- Cleans, disinfects and deodorizes
- Longer contact time

Recommended Uses
- Disinfects • *Virucide • Cleaner • Fungicide

Specifications
- Pale yellow
- Floral scent
- Quick breaking foam
- High foam
- 11.0-12.0 pH use dilution
- Contains no phosphorus.
- EPA approved

Important
Read and understand the label and Safety Data Sheet (SDS). These provide a description of hazards, precautions, personal protective equipment, first aid, 24 Hour Emergency lines, storage data and other safe handling information. The SDS is available using the QR code on the label and is also available from the distributor.

Product Directions
Equipment to use:
Cloth or sponge.

Directions for use:
It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.
To Disinfect: After surface is cleaned, hold can upright 6 to 8 inches from surface to be treated. Spray until surface is thoroughly wet. Allow to dry without wiping or allow spray to contact treated surface for a minimum of ten minutes prior to wiping. When used as a disinfectant on food contact surfaces such as counter tops, tables and appliances, thoroughly rinse surfaces with potable water. Do not use on utensils, dishes or glasses.
To clean and deodorize: Remove gross filth or heavy soil from surface prior to using this product. Shake well before use. Point valve opening toward area to be cleaned, press down firmly and spray evenly. Wipe clean with a dry cloth or sponge.
To control mold and mildew: Apply by holding can upright 6 to 8 inches from surfaces to be treated. Spray until surfaces is completely wet or let air dirty. Repeat application oat weekly intervals or when mildew growth reappears.

Check with GFS regarding availability and product registration status in your state.
