Important

Read and understand the label and Safety Data Sheet (SDS). These provide a description of hazards, precautions, personal protective equipment, first aid, 24 Hour Emergency lines, storage data and other safe handling information. The SDS is provided with each container shipped, it is also available from the distributor.

Product Directions

Equipment to use:

Recommended rinse aid dispenser.

Directions for use:

Use Dilution: Concentration varies due to environmental conditions.

For high temperature dishwashing:

1. Pre-flush and/or scrape dishes before washing.
2. Rack dishes properly. Place dishes in machine.
3. Wash using a recommended mechanical warewash detergent. Should maintain 150°-160°F wash temperature.
4. For rinse cycle, use this product. Should maintain 180°-190°F rinse temperature.
5. Allow dishes to air dry.
