The SDS is provided with each container shipped, it is also available from the distributor.

Product Directions

Equipment to use:

Recommended warewash detergent dispenser.

Directions for use:

For low temperature dishwashing:

1. Pre-flush and/or scrape dishes before washing.
2. Rack dishes properly. Place dishes in machine.
3. Wash using this product.
4. In rinse cycle, use a recommended rinse additive.
5. Sanitize using an approved chlorinated sanitizer at a minimum of 50 ppm. Test using chlorine test papers or a liquid chlorine test kit.
6. Allow dishes to air dry.

For high temperature dishwashing:

1. Pre-flush and/or scrape dishes before washing.
2. Rack dishes properly. Place dishes in machine.
3. Wash using this product. Concentration will vary due to environmental conditions. Maintain wash temperature at 150°F - 160°F.
4. In rinse cycle, use a recommended rinse additive. Maintain rinse temperature at 180°F - 190°F.
5. Allow dishes to air dry.

Note: DO NOT use on soft metals.
