Important

Read and understand the label and Safety Data Sheet (SDS). These provide a description of hazards, precautions, personal protective equipment, first aid, 24 Hour Emergency lines, storage data and other safe handling information. The SDS is provided with each container shipped, it is also available from the distributor.

Product Directions

Equipment to use:
Rubber gloves, eye protection.

Directions for use:
Stopped drains: pour about ½ bottle into drain. Wait 30 minutes. If still clogged, use a plunger. Repeat if necessary. Plugged basement drains require 3 - 4 quarts and should soak overnight.
Slow drains: pour about ¼ bottle directly into drain. Wait 30 minutes or overnight.
NOTE: Use once a week in open drains for preventative cleaning. Do not splash solution on hands, skin, or in eyes.
