Important

Read and understand the label and Safety Data Sheet (SDS). These provide a description of hazards, precautions, personal protective equipment, first aid, 24 Hour Emergency lines, storage data and other safe handling information. The SDS is provided with each container shipped, it is also available from the distributor.

Product Directions

Equipment to use:

Wet cloth, sponge, or brush and rubber gloves.

Directions for use:

1. Remove all unpackaged food from area before cleaning.
2. DO NOT dilute product. Apply product directly to floors, walls, and shelving with mop or sponge.
3. Allow to soak for 5 - 10 minutes depending on the amount of soil. Heavier soil or ice deposits may require a longer soaking time.
4. Wipe area with mop or sponge to remove soil. A scraper or abrasive pad may be necessary to loosen heavier soil deposits.
5. Dry mop or squeegee area to remove excess liquid.
6. Wipe with clean, dry cloth to aid drying time.
