Important

Read and understand the label and Safety Data Sheet (SDS). These provide a description of hazards, precautions, personal protective equipment, first aid, 24 Hour Emergency lines, storage data and other safe handling information. The SDS is available using the QR code on the label and is also available from the distributor.

Product Directions

Equipment to use:

Jug pump or automatic dispensing system, plastic bus pan.

Directions for use:

1. In a plastic pan, dissolve 1 ounce of product to 5 gallons of water.
2. Place stainless ware and/or silverware in solution for several minutes.
3. Remove, rinse thoroughly, and wash in dish machine in normal fashion.

If silver plated flatware is being detarnshed, line the bus pan or pail with aluminum foil. Dispense solution of product and warm - 100 to 120˚F (38 to 49˚C) - water. Place flatware or utensils in presoak solution for 15 - 30 minutes. Remove flatware or utensils from presoak solution. Place in dishmachine racks, rinse thoroughly and process.
