- Lemon scent
- Clear, non-viscous liquid
- Low foam
- 5.0-7.0 pH use dilution
- Contains no phosphorus
- cRc approved

Important

Read and understand the label and Safety Data Sheet (SDS). These provide a description of hazards, precautions, personal protective equipment, first aid, 24 Hour Emergency lines, storage data and other safe handling information. The SDS is provided with each container shipped, it is also available from the distributor.

Product Directions

Equipment to use:

Mop and pail or scrubbing machine.

Directions for use:

Daily damp mopping: For light soil removal, dilute product at 1 - 2 ounces to 1 gallon of water.
Intermittent wet mopping: For medium soil removal, dilute product at concentrations of up to 4 ounces to 1 gallon of water.
Machine scrubbing: For embedded soil removal, where controlled removal of heavy soil and a portion of the abraded floor finish is required, use product at 3 - 8 ounces to 1 gallon of water. Rinse floor thoroughly, and allow to dry before recoating with finish.
Automatic floor machines: For routine cleaning, dilute product at no more than 2 ounces to 1 gallon of water. Use soft buffing pads under the machine. For aggressive soil removal, dilute product up to 4 ounces to 1 gallon depending upon the amount of controlled soil and finish removal needed. Under normal conditions, a red buffing pad is all that is needed for machine scrubbing with product. If more aggressiveness is required, use a green or blue pad.
Note: Floors will be slippery when wet or contaminated with foreign materials. Promptly clean up spills and foreign materials.
