Important

Read and understand the label and Safety Data Sheet (SDS). These provide a description of hazards, precautions, personal protective equipment, first aid, 24 Hour Emergency lines, storage data and other safe handling information. The SDS is provided with each container shipped, it is also available from the distributor.

Product Directions

Equipment to use:

Spray bottle or pail and mop, sponge, cleaning cloth, scrub brush, rubber gloves and eye protection.

Directions for use:

For use in industrial, institutional and/or food processing establishments. Do not store product in food processing areas. Prior to use, all food products and packaging material shall be removed or protected to avoid contamination of food and food contact surfaces. A potable water rinse is required after use on all surfaces. **FLOOR CLEANING** - 1) Wipe up spills and sweep debris from floor surface. 2) Dispense at a ratio of 1 oz. per gallon of cold or hot water (8 mL per liter). 3) Apply solution to floor surface using a dripping wetmop. 4) Aggressively scrub the floor with a deck brush. 5) Mop up soiled solution or squeegee to drain. 6) Rinse or damp mop floor surface clean. 7) Dry floor surface using a dry mop or squeegee. **CONCRETE CLEANING** - 1) Sweep all debris from area to be cleaned. 2) Dispense at a ratio of 1 oz. per 4 oz. of cold or hot water (250 mL per liter). 3) Apply solution and allow it to stand on area to be cleaned for 3-5 minutes. 4) Aggressively scrub area with a deck brush. 5) Rinse surface clean with tap water.
