Important
Read and understand the label and Safety Data Sheet (SDS). These provide a description of hazards, precautions, personal protective equipment, first aid, 24 Hour Emergency lines, storage data and other safe handling information. The SDS is provided with each container shipped, it is also available from the distributor.

Product Directions
Equipment to use:
Recommended automatic warewash dispensing system.

Directions for use:
Use dilution:
Concentration varies due to environmental conditions. Your sanitation specialist will properly adjust concentration to meet your needs.

For low temperature dishwashing:
1. Pre-flush and/or scrape dishes before washing.
2. Rack dishes properly. Place dishes in machine.
3. Wash using this product.
4. In rinse cycle, use a recommended rinse additive.
5. Sanitize using an approved chlorinated sanitizer at 50 ppm*.
   Test using chlorine test papers or a liquid chlorine test kit.
6. Allow dishes to air dry.

*ppm= parts per million

NOTE: Do not use on aluminum.
