Important

Read and understand the label and Safety Data Sheet (SDS). These provide a description of hazards, precautions, personal protective equipment, first aid, 24 Hour Emergency lines, storage data and other safe handling information. The SDS is available using the QR code on the label and is also available from the distributor.

Product Directions

Equipment to use:

Trigger sprayer, cloth, mop, sponge, brush, wiper or sprayer.

Directions for use:

Sanitizing Non-Food Contact Surface Directions:

Apply RTU Sanitizer as is to sanitize hard, non-porous surfaces using a cloth, mop, sponge, wiper or sprayer. Rub with a brush, sponge, wiper or cloth. Treated surfaces must remain wet for 60 seconds. Allow to air dry. For sprayer applications, use a coarse spray device. Spray 6-8 inches from surface. Avoid breathing spray.

Check with GFS regarding availability and product registration status in your state.

See product Reference Sheet or container label for more information.
