### Important

Read and understand the label and Safety Data Sheet (SDS). These provide a description of hazards, precautions, personal protective equipment, first aid, 24 Hour Emergency lines, storage data and other safe handling information. The SDS is provided with each container shipped, it is also available from the distributor.

## Product Directions

### Equipment to use:

Recommended dispensing system.

### Directions for use:

**For low temperature dishwashing:**

1. Pre-flush and/or scrape dishes before washing.
2. Rack dishes properly. Place dishes in machine.
3. Wash using this product.
4. In rinse cycle, use a recommended rinse additive.
5. Sanitize using an approved chlorinated sanitizer at a minimum of 50 ppm. Test using chlorine test papers or a liquid chlorine test kit.
6. Allow dishes to air dry.

**For high temperature dishwashing:**

1. Pre-flush and/or scrape dishes before washing.
2. Rack dishes properly. Place dishes in machine.
3. Wash using this product. Concentration will vary due to environmental conditions. Maintain wash temperature at 150°F - 160°F.
4. In rinse cycle, use a recommended rinse additive. Maintain rinse temperature at 180°F - 190°F.
5. Allow dishes to air dry.
