Important

Read and understand the label and Safety Data Sheet (SDS). These provide a description of hazards, precautions, personal protective equipment, first aid, 24 Hour Emergency lines, storage data and other safe handling information. The SDS is provided with each container shipped, it is also available from the distributor.

Product Directions

Equipment to use:

Recommended automatic liquid laundry injection system.

Directions for use:

1. Pre-sort laundry prior to wash.
2. Pre-soak and/or pre-spot laundry when necessary.
3. Place proper amount of laundry into laundry machine.
4. For wash cycle, use a recommended laundry break and a recommended laundry detergent.
5. For proper destaining, use 3 - 4 ounces of this product per 50 pounds of dry fabric.
6. When softening and/or souring, use recommended product(s) at the proper dilution(s). Consult a chemical specialist for proper concentrations.

Note: This product is most effective when used in hot water (150°F - 160°F).
